Beacon Commodities have been at the forefront of the Gin Trade for many years supplying a vast range of distilleries. These include major brands, to the explosion of craft distilleries that have opened in the UK and around the world.

Beacon Commodities place vital importance in the quality of the botanicals supplied and have developed their supply lines within an ever-changing industry. Beacon Commodities are BRCGS certified providing customers with a globally recognised assurance on quality.

The father and son team travel extensively throughout the world to maintain and inspect their sources of supply. The extensive travel also enables Beacon Commodities to check

harvests, open-up new trading links and invest in joint ventures across the globe and within the UK.

Beacon Commodities hold stock of the key gin botanicals in a specifically designed spice warehouse within the UK where their botanicals are inspected, consolidated, repackaged and processed if required. Some of these botanicals include:

Juniper, Coriander, Angelica Root, Orris Root, Lemon Peel, Grapefruit, Sweet Orange Peel, Bitter Orange Peel, Liquorice Root Powder, Cassia, Romana Chamomile, Cinnamon, Cubeb, Grains of Paradise, Elderflowers, Rose Petals and Cardamom.

Beacon Commodities can supply distillers with their full recipe, their core ingredients or one-off botanicals giving distillers a flexibility of supply.
